

American Legion Park Improvement Project
Specification Document

Description:

Menard County is requesting proposals for an irrigation system to be installed in the American Legion Park immediately North of the Menard County Courthouse. Sealed bids must be postmarked no later than January 20th, 2023 to P.O. Box 1038, Menard TX 76859 and will be opened and review no later than January 27th 2023. A selection will be made and recommended to the Commissioners Court that same day. The following questions are requested to be answered and submitted in addition to the proposed cost of the project. The selected vendor will be required to complete all work no later than May 1st 2023 or could suffer a 10% reduction in the proposed cost of labor if the court deems the delay to be negligent. Menard County will make its selection based on the information that is provided and proposed expense. Menard County reserves the right to select a vendor that is not the cheapest if it feels they are the best combination of quality and cost.

1) Please describe your business and relevant experience with similar projects.	
2) Are you currently licensed? If so, please describe the license(s) you hold and how long you have held them.	
3) Please describe any relevant insurance your business carries and its coverage.	
4) What are the physical and mailing addresses of your business?	
5) Who is the point of contact and what is their email address and phone number?	
6) Please describe how you propose to connect the system to the city water supply. There is currently a one inch supply with a pressure reducer, and a two inch galvanized supply both on the north end of the park.	
7) Does your organization provide design services, and are those included in your proposal? If so please describe.	
8) Please describe the system you propose in as much detail as possible. Include	

<p>controls, freeze prevention and the brand of fixtures you suggest.</p>	
<p>9) Does this system allow for the combination of drip irrigation and sprinklers?</p>	
<p>10) How will you ensure safety and that you don't disrupt existing electric and gas lines?</p>	
<p>11) How will you handle existing sidewalks and crossing of the historic ditch?</p>	
<p>12) Do you understand and agree to the May 1st deadline for the completion of all work?</p>	
<p>13) Do you agree to receive the cost of parts and hardware upon award, and to be paid for labor and other expenses upon timely completion of the project?</p>	
<p>14) Do you provide any warranty if selected? If so, please describe.</p>	
<p>15) Are there any maintenance or repair services provided with this proposal? What kind of scheduled maintenance should be performed on the system? Please describe.</p>	
<p>16) Please attach an itemized quote for your proposed system separating parts, labor and design services. Please also provide any other contracts or service agreements that you wish to be considered if selected.</p>
