## **Transportation Services**

### **Urban:**

#### **Fixed Route (San Angelo City Limits) –**

Designed to meet the needs of all residents, our nine routes operate on set schedules and follow predetermined stops, ensuring you can confidently plan your trips. Each route has specific stops, allowing passengers to board and disembark at designated locations throughout the city. Whether commuting to work, school or exploring San Angelo, our fixed route system offers a convenient and affordable travel method.

#### **ADA (Americans with Disabilities Act) Paratransit –**

The ADA Paratransit service provides essential destination-to-destination transportation services (based on available pickup locations) for individuals with disabilities who cannot use the Fixed Route system due to difficulties navigating routes, reaching destinations, or accessing bus stops independently. To qualify, individuals must complete an application with their physician. This service supports eligible passengers on any quality-of-life trips.

#### **Enhanced Mobility of Seniors & Individuals with Disabilities (5310) –**

The 5310 Program offers destination-to-destination transportation services (based on available pickup locations) and is free for eligible individuals who qualify due to disability or age (65 or older). This grant-funded program supports quality-of-life trips and is based on funding availability. It works alongside our ADA Paratransit program to alleviate the financial burden of planned transportation.

Concho Valley Transit Service offers free transportation to rural clients in the following counties: Coke, Concho, Crockett, Irion, Kimble, Mason, Menard, McCulloch, Reagan, Schleicher, Sterling, Sutton, and Tom Green (outside San Angelo City Limits). The only exception is the Brady On-Demand service, which costs a day's service.

Rural trips provide flexible transportation within your residence county, to and from San Angelo, and within San Angelo. The service operates similarly to our demand response system, meaning that trips must be scheduled in advance. Service is provided destination-to-destination (based on available pickup locations), eliminating the need to wait at bus stops.

This destination-to-destination (based on available pickup locations) service applies even to trips within San Angelo, as long as the passenger's journey originated in one of the rural counties and they plan to return to their rural residence on the same day. You can schedule trips for any purpose, including doctor's appointments, family visits, shopping, and more.

### **FARES AND TRIP COST:**

Transportation services for residents in our rural counties (except Brady On-Demand). This means you can travel within your county, to and from San Angelo, and even within San Angelo, all at no cost.

We aim to ensure that essential travel, such as doctor's appointments, shopping, or visiting family, is never out of reach due to transportation costs. By providing free rural transportation, we're helping keep our communities connected and ensuring everyone can access the services they need.

### **HOW TO SCHEDULE YOUR TRIPS:**
